- **NEW! TikTok Challenge** We want to make you aware of a concerning TikTok trend that has been circulating among students. The challenge involves inserting paper clips or other metal objects into the charging ports of Chromebooks. This behavior is extremely dangerous and can cause serious damage to the device, pose a fire or electrical hazard, and result in injury. Please take a moment to speak with your child about the importance of using school technology responsibly and safely. Any incidents involving intentional damage to school devices may result in disciplinary action and the cost of repairs.

Community Resources:

- **The Sharing Center:** The Sharing Center serves Western Kenosha County communities by sharing resources and advocating for self-sufficiency. Here is a comprehensive list of resources and services the Sharing Center provides! *Have questions? Call 262-298-5535 or email director@thesharingcenter.net*.
- **S.A.F.E.R Program:** The Kenosha Sheriff's Office is partnering with the Kenosha Police Department to provide this valuable tool to our county residents and schools. The S.A.F.E.R. Program is designed to collect and share critical information about individuals with special needs, making it easier and safer for officers to assist them during calls for service. Citizens can fill out a simple online form to provide details and upload photos. A QR code is attached to the flyer. I'll have a deputy deliver some to your respective schools. After a citizen submits information about their family member, an internal form will be completed, and this information will be added to our law enforcement software program. An alert will be created for that individual, and any responding officer can click on the alert to review critical information about the subject before making contact. This could include the individual's condition, potential triggers, effective de-escalation techniques, emergency contact info, and photos for quick ID. S.A.F.E.R
