

IF YOU SEE SOMETHING, SAY SOMETHING!

Bristol School District #1 encourages everyone to be alert and if you see anything out of the ordinary to contact administration or law enforcement!

SHELTER-IN-PLACE DRILL

Sheltering provides refuge for students, staff and public within school building during an emergency (weather, civic, community).

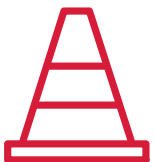

EVACUATION DRILL

Evacuation procedures are implemented when conditions outside the building are safer than those inside.

LOCKDOWN DRILL

After an ALERT is made and individuals are INFORMED of a threat. Building occupant movement is completely restricted. Lights are off, doors locked, barricades as needed. As situation evolves, examine the situation and either EVACUATE or COUNTER.

SAFETY HOLD

Student movement through hallways needs to be restricted.

BUILDING ACCESS

Bristol School uses Raptor software to monitor all visitors during school hours and identify anyone who may compromise school safety. Raptor scans visitors state-issued IDs and screens them against a national database. If a concern is identified administration is alerted.

HOW WE CONTACT YOU

Contact methods are situational dependent. Messages regarding student safety may appear on the channels listed below. It is extremely important to have the most up-to-date contact information in Skyward at all times.

- Email
- Phone
- Social Media (*Twitter & Facebook*)
- District Website

DURING AN EMERGENCY

DO NOT COME TO THE SCHOOL!

Wait for information from the district. Coming to the school will interfere with emergency responders.

MENTAL HEALTH SUPPORTS

Supports include internal training and awareness programming, referrals to external resources, and on-site counselors. Students are also encouraged to take an active role in supporting each other.
