Dear Parent or Guardian:

Every school district is required to report to the Department of Education each year student data by race and ethnicity categories that are set by the federal government. The Department of Education does not report individual student data to the federal government but does report the total number of students in various categories in each school. These reports help us keep track of changes in student enrollments and ensure that all students receive the education programs and services to which they are entitled.

The federal government recently changed the reporting categories for student data. As a result, you have the opportunity to update the student data for your child. With the new reporting categories, you may now identify your child by ethnic group (either Hispanic/Latino or not Hispanic/Latino) and by one or more racial groups (American Indian/Alaska Native, Asian, Black/African-American, Native Hawaiian/Other Pacific Islander, White). Starting with the 2009-2010 school year, all schools will report student data to the Department of Education using the new categories.

Please complete the online form by no later than the first day of school.

For more information about the student data reporting categories for ethnicity and race, please contact the district office.

Sincerely,

Michael Juech
Bristol School Administrator

McKinney-Vento Homeless Assistance Act

NOTE: This form is optional. If this information is not applicable to you/your family, or if you would prefer not to respond, simply move to the next step in the registration process.

The McKinney-Vento Homeless Assistance Act is a federal law that provides certain rights and protections for families experiencing homelessness. If you are not currently residing in your own residence, your child may qualify for services under this act. Please be assured that any voluntary answers provided on this form will be kept confidential.

If you believe you/your family may qualify for services, please follow the link below to submit your voluntary information:
