

PROJECT FIRE BUDDIES, INC.

OUR MISSION

We are firefighters who offer support and give back to children fighting critical illnesses

“A CHILD SHOULD NEVER HAVE TO FIGHT THEIR BATTLE ALONE.”

RELATIONSHIPS

These times are especially difficult for families. We want to provide as much assistance as possible. Providing gifts, once in a lifetime experiences, or needed medical devices are great ways that we help the families

WHAT WE DO

When Project Fire Buddies mobilizes, it's not unusual to see a dozen police officers, firefighters, and a favorite cartoon character jump out of emergency vehicles carrying piles of donated goodies for a fire buddy and their family to enjoy.

After our initial visit, we don't stop there. We continue to build a relationship to support and help the families in any way that we can.

Our first responder volunteers go all out when it comes to the cause. We show up for the kids during the holidays, running an annual toy drive and bringing Halloween candy to kids who are too sick to trick-or-treat.

If you have a child in Bristol, WI who is battling a critical illness fill out the form at: www.projectfirebuddies.org/contact
