SUMMER NATURE ENRICHMENT GROUPS

Join Stacked Therapies for fun summer programming with a focus on skill development!

BRAIN BOOST

Location: Seno K/RLT
Conservancy south of
Burlington
Date: June 16-19
Time: 10am-12pm
Age: 3.5-7

This camp is supported by a Speech Therapist and Occupational Therapist. A play-based focus to develop foundational skills such as motor development, sensory integration, language & speech, social play, nature exploration and appreciation.

SOCIAL CONNECTION

Location: Wadewitz Nature
Camp in Rochester
Date: July 28-31
Time: 9am-12pm
Age: 8-12

This group will focus on developing peer connection and social interaction while building skills such as self-awareness, self-management, social awareness and stress management. Engaging in games and books to increase social awareness as well as physical activity and vigorous exercise is very support for self regulation.

SELF REGULATION

Location: Seno K/RLT
Conservancy south of
Burlington
Date: July 7-10
Time: 9am-12pm
Age: 6-11

Introducing the foundation of emotional and sensory regulation. Utilizing concepts from Powerfully You to focus on building self-awareness. Children will learn and engage in age appropriate self-regulation strategies designed to build connection, empowerment, and compassion for themselves and others.
